

american english dialects and pdf

North American English regional phonology is the study of variations in the pronunciation of spoken North American English (English of the United States and Canada)â€”what are commonly known simply as "regional accents".

North American English regional phonology - Wikipedia

North American English (NAme, NAE) is the most generalized variety of the English language as spoken in the United States and Canada. Because of their related histories and cultures and the similarities between the pronunciation, vocabulary, and accent of American English and Canadian English, the two spoken dialects are often grouped together ...

North American English - Wikipedia

Web-Based Survey now completed A group of linguists had been gathering data on North American English dialects using a web-based survey.
