Small power is a substantial energy end-use in office buildings in its own right, but also significantly contributes to internal heat gains. Technological advancements have allowed for higher efficiency computers, yet current working practices are demanding more out of digital equipment.

Estimating the energy consumption and power demand of

A glance backward reveals the fact that Brainerd has experienced some very severe setbacks, a condition quite natural in a railroad town. The Jay Cooke failure of 1873 left the little city flat on its back.
