

form and language in pdf

Forms of a language deal with the internal grammatical structure of words. The relationship between boy and boys, for example, and the relationship (irregular) between man and men would be forms of a language. A language function refers to the purpose for which speech or writing is being used. In speech these include:
â€¢ giving instructions

LANGUAGE FUNCTIONS and FORMS

Actually there is a pdf feature seldomly used nowadays, page templates. Thus, those two forms can reside in the same file in different page templates, and based on some initially present buttons ("English version", ...) the desired form is spawned.
