We've taken an old favourite, the AlphaSim Short Belfast and have re-processed the whole package for FSX and FSX Steam Edition. In addition to the updated and improved native FSX model, two new liveries have been added - those of Transmeridian Cargo Airlines and the later all-white Heavylift scheme.

The FSX roads are a big improvement over FS9 (FS2004). However, Ultimate Terrain X takes the roads one step further, by providing all the available road types from the Tom Tom commercial data set, instead of just

highways and most major roads.
