Mobility Express is designed for networks of all sizes, including small and medium-sized businesses and distributed enterprises. It provides industry-leading wireless LAN technology without the need for a physical controller or additional licenses.

Mobility Express solution - cisco.com

The modern workforce is increasingly mobile, and business-critical applications are running over the Internet across multiple clouds. Traditional WAN architectures can't keep up, because of lack of available bandwidth, limited security, and increased complexity, which prevents IT from responding to business needs faster.
