The Australian Centre for Field Robotics (ACFR) has been instrumental in developing breakthrough technologies, conducting world-renowned research and developing field robotics principles and systems.

Australian Centre for Field Robotics - Faculty of

The first annual "Humies" competition was held at the 2004 Genetic and Evolutionary Computation Conference (GECCO-2004) in Seattle. Entries were solicited for cash awards for human-competitive results that were produced by any form of genetic and evolutionary computation and that were published in the open literature during previous year.

Human-Competitive Awards 2004 € Present

Performance € Large operating radius permits a long reach from a close-up position. € Powerful winch with a rated line pull of 12.5 tons (maximum 25 tons, single-line rated line pull of 13.5

HYDRAULIC CRAWLER CRANE - KOBELCO CRANES

Digitalization sparks a quiet revolution . The pump industry mantra has always been about high production values while keeping costs and waste low, but digitalization takes that a step further.

Digitalization: The future of pumps - World Pumps

In Section 2 of this paper, a study on finger motion is described that is used to determine requirements for the design of actuators that match the finger and thumb joint motion of a healthy subject.
