October 25, 2018 - EPA announced enforcement actions completed over the last year to ensure that renovation contractors, landlords, property managers, realtors and others comply with rules that protect the public from exposure to lead.

### **Lead | US EPA**

For centuries, people have been growing in raised beds. Since these are merely planting beds where the soil level is higher than that on the paths around them, it may not be obvious what advantages they offer — except to gardeners with bad backs, that is, who don't have to stoop as far to tend plants.
